

Mira-Bai Gilb

Interior architect BA · Oslo

Mira-Bai Nduta Gilb

Interior architect BA · Oslo

Interior architect (BA, Høyskolen Kristiania) with a semester at Solent University and a tropical architecture programme at IDB Bali. Works in Norwegian and English. Current commercial work: styling at Bolia (Thon Ski senter) and an ongoing office project for client FM Cybersecurity in Oslo. Looking for a studio role as interior architect, junior interior architect, interior designer, or interior stylist.

EXPERIENCE

Interior styling — Bolia.com, Thon Ski senter

Feb 2026 – present

Luxury furniture retail. Styling of spaces and product displays.

Sales Associate — Sport Holding Retail AS, Vinterbro

Oct 2020 – Aug 2026

Sports retail. Customer contact, space and product display.

SELECTED PROJECTS

Selected work

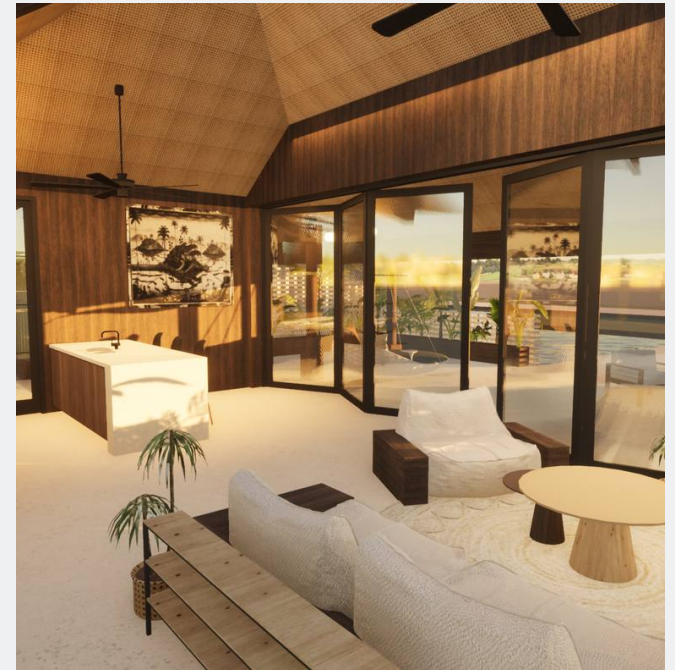

Office — Anton Sport

Workplace · academic · 2024 · sole author

Clubhouse and lodges — PPHE

Hospitality · academic · 2023–2024

Airbnb villa — Sanur

Residential · academic, group · 2024–2025

Office — Anton Sport

2024 · Workplace · Academic · Oslo, Chr. Krohgs gate 32 · Sole author, bachelor dissertation · Archicad, Twinmotion, hand drawing

This project asked how interior architecture can support business growth and market success. The methods were applied to an office for Anton Sport: a workplace designed to build community and a sense of ownership.

Material collage

Floor plan

Clubhouse and lodges — PPHE Hotel Group

2023–2024 · Hospitality · Academic · New Forest, Southampton · Solent University, Interior Design, semester abroad

A hotel project for PPHE Hotel Group: a clubhouse and modular holiday lodges in the New Forest. The brief focused on sustainability, flexible accommodation, and modular construction. Ideas were developed through hand sketch, digital sketch, modelling, mood boards, and collage.

Clubhouse

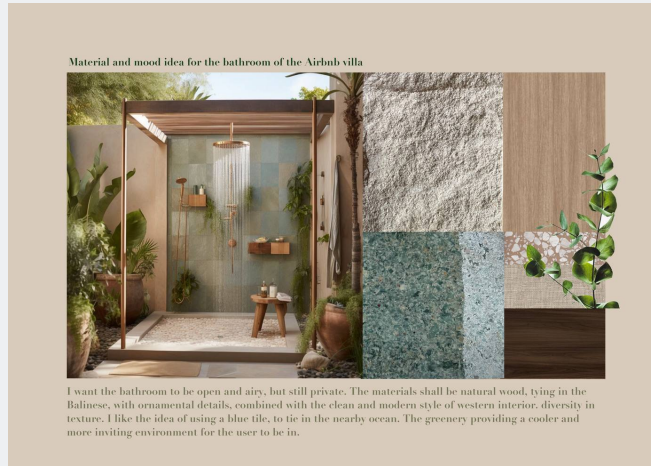

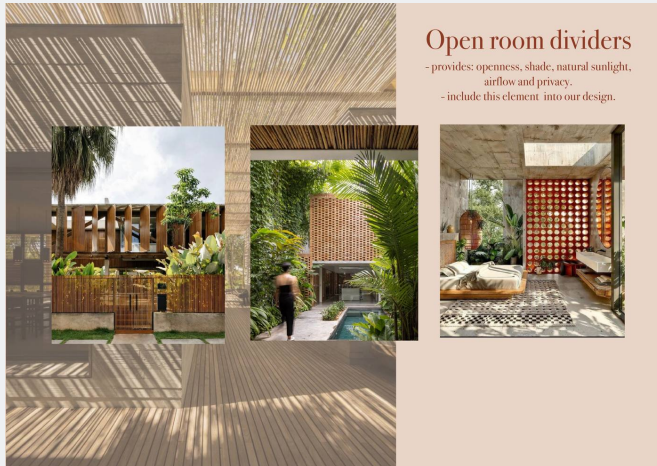

Airbnb villa — Sanur

2024–2025 · Residential / hospitality · Academic, group · Sanur, Bali · My role: Airbnb guesthouses, diagrams, site analysis, leading concept development

A group studio project for a villa in Sanur. The client was a mixed couple, Indonesian and Dutch. The brief was to combine Western and Southeast Asian architecture so both identities could live in the same house. I also supported the rest of the team so the work landed on time.

Villa

Education and skills

2021–2024	Høyskolen Kristiania Bachelor in Interior Architecture, Oslo. Commercial space, rehabilitation, bachelor dissertation.
